## Summary

**Passionate** about crafting innovative web solutions, I'm a fast-learning Junior Full-Stack Developer with a passion for building **interactive UIs** and **secure backends** with **React.js**, **Next.js**, **Node.js**, **Nest.js**, **Prisma**, and databases( **PostgreSQL** , **MongoDB** ).

Eager to learn and contribute, constantly honing skills through **self-study**, **documentations**, online blogs , courses, and **mentoring interns**. Strong communicator, actively participating in **client meetings** and fostering a supportive tech environment. Dedicated to writing **clean, maintainable code** and staying up to date with current and upcoming trends. **Enthusiastic** and **team-oriented**, ready to **learn from experienced developers** and tackle challenging projects.

## Experience

### BitPixel Software Solutions

Jr Fullstack Developer

Aug 2023 - present

#### Responsibilities:

- Design and implement user interfaces using React, Next.js, HTML5, CSS, and Tailwind CSS/Bootstrap.
- Develop interactive and responsive web components for optimal user experience.
- Collaborate with designers to translate designs into code.
- Build and maintain RESTful APIs using Node.js and Nest.js.
- Implement data persistence & retrieval with Prisma, PostgreSQL and MongoDB.
- Securely handle authentication & authorization using best practices.
- Version control with Git & GitHub, manage projects with Jira/Trello.
- Contribute to code reviews and provide constructive feedback.
- Participate in project planning and estimation activities.
- Meet deadlines and deliver high-quality work within project constraints.
- Facilitate effective communication with team members and clients, accelerating project timelines.
- Assist interns, resolving queries, and contributing to a collaborative learning environment.
- Continuously learn and adapt to new technologies and best practices.

#### Tools & Technologies:

- Frontend: React, Next.js, Tailwind CSS/Bootstrap, HTML5, CSS
- Backend: Nest.js, Node.js, PostgreSQL, MongoDB, Prisma
- Version control: Git, GitHub
- Project management: Jira, Trello
- Design: Figma
- IDE: VS Code
- API testing: Postman

## Objective

Thriving Full-Stack Developer, buzzing with the energy of creating seamless digital experiences across the JavaScript ecosystem. Passionate about continuous learning and growth, aiming to become a tech leader who inspires others through mentorship and active involvement in the Bangladeshi tech community. Driven to craft impactful solutions, contribute meaningfully to the tech landscape, and leverage my skills to make a positive impact, both professionally and socially!
